Across the Ocean Chapter 13: Grand Divisions and Resources

Use your booklet to answer the questions below. Please remember to bring the booklet to class each day.

- The study of how we use resources to meet our needs and wants is called

economics

- The 3 Grand Divisions of Tennessee are east, middle, and west.

- The stars on the Tennessee flag each represent one of these divisions.

- East Tennessee is the most mountainous of the three divisions.

- The Great Smoky Mountains National Park is located in East Tennessee as well as the cities of Knoxville and

Chattanooga.

- Middle Tennessee has flat land but also has hills, mountains, and the

Cumberland Plateau.

- The capital of Tennessee is Nashville and it is located in Middle Tennessee.

- West Tennessee is the flattest of the Grand Divisions.

- The biggest city in West Tennessee is Memphis, which is also the largest city in all of Tennessee.

- Terrain is _____

- Cotton grows better in West Tennessee because they have better soil and a longer growing season.
- The crops that grow well in Middle Tennessee are corn, tobacco, and soybeans.
- The Cumberland Plateau is rich in coal, limestone, and other rocks.
- East Tennessee is known for livestock production such as beef, dairy, and poultry.
- People need rivers for:
 - drinking water
 - irrigation
 - moving products from one place to another
- For extra study practice, answer the questions on page 70 in your book. Please bring your book back to school with you each day.
